

MARYLAND CORRECTIONAL ENTERPRISES

Making a Clean Start...

MCE can provide
high quality laundry services
at competitive prices.

Mission

- Maryland Correctional Enterprises (MCE) is the premiere rehabilitative program in Maryland, providing an established continuum of care for our offender population incorporating education on the inside and employment on the outside.

The mission of Maryland Correctional Enterprises is to provide structured employment and training activities for offenders in order to improve employability upon release, to enhance safety and security, to reduce prison idleness, to produce quality, saleable goods and services, and to be a financially self-supporting State agency.

- MCE provides structured training and employment to thousands of offenders across the State instilling transferable job skills and a positive work ethic.
- MCE provides working conditions that mirror the private sector as closely as possible, to train our workforce.
- MCE works to assist men and women to gain employment upon release and overcome the numerous obstacles faced as they transition back into society.
- These factors combined translate into lower recidivism rates, or the likelihood of reincarceration within three years of release, that are half that of the general prison population.
